2025

  
LA MAISON  
DU CHOCOLAT  
PARIS

## About La Maison du Chocolat

La Maison du Chocolat, born in Paris, is the 'brand of reference' for luxury chocolates.

Member of Comité Colbert.

Today more than 70 French luxury brands participate to share and promote the values of French tradition and heritage. E.g. Cartier, Hermès, Louis Vuitton, Air France, etc.

With more than 40 boutiques worldwide, the Maison is located in Paris, New York, Tokyo, Osaka, Hong Kong & Macau. Since its first opening in Hong Kong in 2008, it has grown to 5 boutiques in this hub of luxury brands.

All the chocolates are hand-crafted in Paris. More than 30 flavours and seasonal creations are freshly made, using the finest cocoa beans carefully selected around the world. Our chocolatiers do not use any preservatives in their creations in order to sublimate the purest taste of finest cocoa.

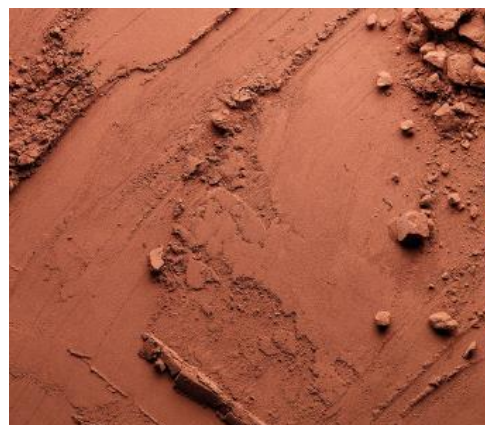

Our most famous specialty, the ganache, is a perfect mixture of top quality cocoa and fresh cream.

# OUR COMMITMENTS

WE SELECT THE WORLD'S FINEST COCOA, ALL OF WHICH CAN BE TRACED BACK TO THE GROWERS

We champion chocolate-making expertise and traditional French technique. Our chocolates are meticulously crafted by 35 passionate chocolatiers led by creative director Nicolas Cloiseau, winner of the 'Meilleur Ouvrier de France' top craftsman title. We take action to ensure our gift boxes are eco-designed, 100 % recyclable and made in France and Belgium. We innovate for the future of chocolate and work day after day to combat food waste. Because we're firm believers in the idea that our chocolate should be a gift for the tastebuds, heart, and planet.

## SOURCING WITH A CONSCIENCE

We work with ingredients from suppliers enacting positive social and environmental change. Our chocolates are certified free from artificial coloring or flavoring, GMOs, and palm oil.

## ECO-DESIGNED PACKAGING

We only use the packaging we strictly need, cutting excess and plastic to a bare minimum without losing any of what makes our gift boxes treasured, inspiring consumers to give them a second life.

## A RESPONSIBLE APPROACH

We are committed to serving fresh and tasty products. We are fighting food waste with Too Good to Go and Hop Hop Food as part of our community-minded philosophy, and we donate our products when necessary.

## FRENCH CRAFTSMANSHIP

Biting into one of our chocolates means savoring and championing French craft and artistry at its finest. Our chocolates are made, decorated, picked, and boxed one by one manually.
