

(MALIN+GOETZ)

holiday by design.

**BOLD GIFTS FOR BIG JOY.
THE GIFT GUIDE.**

“design, art + architecture have always been at the core of our brand. for this year’s limited-edition holiday collection, we took inspiration from the bold, immersive world of supergraphics - where geometric forms, striking typography + vibrant color transform everyday spaces.

like these larger-than-life designs, our holiday collection reimagines our apothecary roots. it’s playful, lively + designed to bring joy, because the holidays should be as dynamic as the art that inspires us.”

- matthew malin + andrew goetz.
