# MEDICALLY TRAINED LIVE-IN CAREGIVERS

Struggling to balance family, work, and caring for your ageing parents? Evercare provides medically trained live-in caregivers with professional caregiving and nursing backgrounds, offering round-the-clock support for your loved ones to live with dignity and independence at home.

## IDEAL FOR

- Patients with impaired mobility - cancer, stroke, dementia and Parkinson's, etc.
- Patients that require specialised care - NG tube feeding, stomach care, tracheostomy support, urinary catheter care.
- The elderly, disabled, or kids that need dedicated care at home.

|                           | Evercare Live-In Caregiver                                          | Domestic Helper                             |
